November 6, 2003

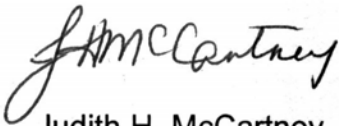

Dear Mr. Cohen,

Congratulations on winning our Editor's Choice Award 2003 with the MDC Intelligent Stirrups.

We chose the MDC Intelligent Stirrups because we believe that they increase the safety of Equestrian Sporting Products. In addition, it is apparent, that the rider would gain a competitive edge by being able to regain their stirrup quickly while on course.

Once again, Mr. Martin Cohen, congratulations on the development of an outstanding product - the MDC Intelligent Stirrups.

Best regards,

Judith H. McCartney
